

GCP DIRECTIONS

Virtual Education & Networking Week
July 28-31, 2025

Simplifying Clinical Compliance Together

Join clinical compliance leaders, innovators, and peers for a virtual week packed with insights, connection, and collaboration.

***GCP Directions** is designed to tackle the real-world challenges of Good Clinical Practice head-on—offering practical strategies, expert perspectives, and interactive sessions that move the conversation forward.*

Agenda

Monday, July 28 – Regulatory Updates

10:00 AM ET	Welcome and Review of Platform
10:15 AM	ICH E6(R3) – WHAT’S CHANGING, WHAT IT MEANS Navigate the Most Impactful Updates and Learn How to Future-Proof Your Clinical Compliance Strategy <ul style="list-style-type: none">- Anchor your risk assessments in critical-to-quality factors that drive meaningful outcomes- Embed quality by design and stakeholder alignment into early trial planning- Strengthen oversight by formalizing vendor management and documentation practices- Build a clear data governance model to support validation and system compliance- Apply risk-proportionate thinking to monitoring plans that scale with trial complexity
10:45 AM	BEYOND ICH E6(R3): WHAT ELSE MATTERS? Break Down the Latest Regulatory Guidance Shaping GCP Compliance—and What It Means for Day-to-Day Operations <ul style="list-style-type: none">- Prepare for BIMO inspection readiness with updated FDA expectations on inspection processes and planning- Understand how FDA guidance on Digital Health Technologies is reshaping data collection and protocol design- Apply the latest thinking from FDA’s Protocol Deviations Draft Guidance to improve documentation and reporting- Align with new submission standards from FDA’s BIMO Planning Guidance for CDER- Unpack the October 2024 FDA Guidance on Electronic Systems, Records, and Signatures, a major update modernizing expectations for data governance and oversight
11:15 AM	LIVE AND UNFILTERED: SPEAKER Q&A SESSION <i>Get face-to-face (virtually) with the previous speakers in an exclusive, live-only Q&A. This is your chance to ask the real questions—the ones you’ve been dying to ask but never see on a slide.</i> <i>No slides. No recordings. No judgment. Just candid conversation, behind-the-scenes insights, and the space to dig into what really matters.</i>
11:30 AM	PANEL DISCUSSION: PUTTING R3 INTO PRACTICE Real-World Perspectives on How Clinical Teams Are Adapting for the R3 Era

	<p><i>Join a candid conversation with clinical leaders on how their organizations are translating the ICH E6(R3) guidance into action across clinical operations, systems, and culture.</i></p> <ul style="list-style-type: none"> • Have you already started making changes? What’s been the most impactful so far? • Which operational shifts are proving necessary to align with R3 expectations? • How are you prioritizing the elements of R3—and what advice would you offer to those just starting their compliance journey?
12:15 PM	<p>INTERACTIVE DISCUSSIONS: CHOOSE YOUR TOPIC Engage with Quality-Driven Clinical Professionals and Exchange Insights on the Topic of Your Choice</p> <p><i>This session is not recorded and only available for LIVE participation.</i></p> <ol style="list-style-type: none"> 1. Who's Interpreting R3 at Your Company? Discuss the cross-functional dynamics of implementing R3—who’s driving the conversation, and are they the right ones? 2. Oversight or Overkill? Debate the fine line between effective vendor oversight and unnecessary documentation burdens. 3. QbD or Buzzword? Get real about how (and whether) quality by design is actually being implemented in trials. 4. The Protocol Is the Problem. Unpack how outdated or overcomplicated protocols are at the root of compliance issues. 5. Who Owns the Data Now? Navigate the murky waters of data governance, especially in decentralized and tech-heavy trials.
1:00 PM	Day Concludes

Tuesday, July 29 – Operational Alignment	
10:00 AM ET	Welcome and Review of Platform
10:15 AM	<p>ENSURING OPERATIONS FIT THE TRIAL Proactively Align Systems, Processes, and Resourcing to Avoid Downstream Risk</p> <ul style="list-style-type: none"> - Identify the hidden risks of operational misalignment—before they impact compliance or timelines - Conduct a structured assessment to evaluate whether processes and systems meet trial demands - Uncover gaps that could lead to data integrity issues, safety risks, or regulatory delays

	<ul style="list-style-type: none"> - Leverage findings to strengthen oversight, optimize procedures, and reduce unnecessary deviations - Align operational capabilities with trial scope to support efficient, compliant execution
10:45 AM	<p>CHANGE MANAGEMENT THAT STICKS Maximize the Impact of New Systems and Processes by Managing the People Side of Change</p> <ul style="list-style-type: none"> - Support employees through clinical and compliance changes by focusing on the human side of adoption - Identify common change resistor profiles and strategies to address resistance early and effectively - Leverage tools like change impact assessments, stakeholder mapping, and communication plans - Apply a structured change management model to bridge the gap between implementation and sustained results - Use training plans, performance metrics, and feedback loops to drive adoption and long-term engagement
11:15 AM	<p>LIVE AND UNFILTERED: SPEAKER Q&A SESSION <i>Get face-to-face (virtually) with the previous speakers in an exclusive, live-only Q&A. This is your chance to ask the real questions—the ones you’ve been dying to ask but never see on a slide.</i></p> <p><i>No slides. No recordings. No judgment. Just candid conversation, behind-the-scenes insights, and the space to dig into what really matters.</i></p>
11:30 AM	<p>PANEL DISCUSSION: OVERSIGHT & RELATIONSHIP MANAGEMENT How Sponsors Are Rethinking Partnerships in Light of Increased Oversight Expectations</p> <p><i>Join clinical leaders for an open discussion on how organizations are navigating evolving oversight requirements while maintaining strong, productive relationships with CROs and vendors.</i></p> <ul style="list-style-type: none"> - Explore the strengths and challenges of your current partnership model - Share how ICH E6(R3) is reshaping expectations for oversight and accountability - Discuss whether current models are built for true collaboration—or just compliance - Examine the growing trend of sponsors taking back ownership of the TMF—and what it means for oversight and control - Identify the critical questions to ask when selecting a partner in today’s compliance landscape

12:15 PM	<p>OPEN MIC DISCUSSIONS: COLLECTIVE COMPLIANCE—What We’re REALLY Doing</p> <p><i>This open engagement format encourages participants to bring their challenges and best practices, so we can discuss, share, and recognize you are part of a tribe. This session is not recorded and only available for LIVE participation.</i></p> <p>Choose your preferred topic area</p> <ol style="list-style-type: none"> 1. That Seemed Like a Good Idea.... Lessons from compliance initiatives, process changes, or tech rollouts that didn’t go as planned—what was learned, and what you’d never do again. 2. TMF Therapy Open up about the struggles (and small wins) of managing your Trial Master File—from vendor oversight to version control to inspection panic moments. 3. Oversight Overload How much oversight is too much? Share what’s working (or not) in managing vendors, documenting oversight, and balancing trust with compliance. 4. Whose Process Is It Anyway? Talk through the chaos of overlapping SOPs, unclear ownership, and cross-functional misalignment—plus what you’ve done to bring order to the madness.
1:00 PM	Day Concludes

Wednesday, July 30 – Inspection Readiness

10:00 AM ET	Welcome and Review of Platform
10:15 AM	<p>THE STORY OF YOUR STUDY Identify Compliance Gaps by Aligning Your Study’s Narrative Across Plans, Processes, Systems, and Documentation</p> <ul style="list-style-type: none"> - Identify misalignment between procedural documents, study plans, and the study team’s narrative that could impact inspection outcomes - Detect inconsistencies between TMF content, trial conduct, and operational workflows that create compliance risks - Review supporting documentation to assess how well your TMF tells the complete and accurate story of the study - Evaluate systemic gaps that could compromise inspection readiness and regulatory compliance - Develop a targeted action plan to address inconsistencies and prepare for successful inspections - Gain confidence that your TMF and operational processes present a compliant, auditable record, prepared for an inspection

10:45 AM	<p>CLOSING THE GAPS: PROACTIVE GCP COMPLIANCE Maintain Compliance and Mitigate Risk with Ongoing Remediation and Oversight</p> <ul style="list-style-type: none"> - Identify and remediate process gaps that could undermine long-term compliance and inspection outcomes - Establish continuous oversight practices to ensure ongoing alignment between study plans, processes, and documentation - Implement routine quality checks and audits to proactively detect and address emerging risks - Strengthen vendor oversight by formalizing processes that document decision-making and accountability - Foster a culture of continuous compliance that adapts to evolving regulations and inspection expectations
11:15 AM	<p>LIVE AND UNFILTERED: SPEAKER Q&A SESSION <i>Get face-to-face (virtually) with the previous speakers in an exclusive, live-only Q&A. This is your chance to ask the real questions—the ones you’ve been dying to ask but never see on a slide.</i></p> <p><i>No slides. No recordings. No judgment. Just candid conversation, behind-the-scenes insights, and the space to dig into what really matters.</i></p>
11:30 AM	<p>PANEL DISCUSSION: GCP INSPECTION GOSSIP Insights and Lessons from Recent Regulatory Inspections to Strengthen Your Inspection Readiness</p> <ul style="list-style-type: none"> - Hear real-world experiences from panelists about recent GCP inspections—what surprised them and what they’d do differently - Understand the key areas of focus across different regulatory authorities and how these differences impact inspection preparation - Identify emerging trends, common findings, and shifting expectations that could affect your next inspection - Discuss which agencies or inspection areas present the greatest challenges and how to stay ahead of evolving requirements - Gain practical tips and advice to fine-tune your inspection readiness strategy based on firsthand insights
12:15 PM	<p>INTERACTIVE: MORE INSPECTION GOSSIP Spill the Tea on Your Latest Regulatory Inspection Experiences and What You’ve Heard from Others</p> <p><i>Open engagement format allows for face-to-face interaction and a real opportunity to candidly share and learn from one another. This session is NOT recorded and only available for LIVE participation.</i></p>

1:00 PM	Day Concludes
---------	---------------

Thursday, July 31 – Future-Ready Compliance

10:00 AM ET	Welcome and Review of Platform
10:15 AM	<p>GENERATIVE AI: THE FUTURE OF INSPECTION READINESS Unlock the Power of AI to Automate, Analyze, and Elevate GCP Compliance</p> <ul style="list-style-type: none"> - Recognize the game-changing impact AI will have on clinical compliance through automation - Discover how AI-driven insights can transform how you predict risks and manage inspection readiness - Explore the possibilities of a self-analyzing TMF that anticipates inspector questions before they arise - Envision how virtual inspection co-pilots could reshape how teams locate, interpret, and present study data - Consider the role AI could play in delivering continuous inspection readiness instead of reactive preparations
10:45 AM	<p>GENERATIVE AI – WHAT IT MEANS FOR CLINICAL COMPLIANCE TODAY Lay the Foundation for Seamless AI Adoption and Maximize Immediate Impact</p> <ul style="list-style-type: none"> - Evaluate how your clinical infrastructure must evolve to integrate AI and next-gen compliance tools - Identify the critical steps to prepare for AI adoption while maintaining inspection readiness - Understand the challenges of implementing AI — and where to find opportunities for early wins - Discover how strategic AI pilots can generate actionable insights and build internal momentum - Determine how to source the right expertise and partners to guide your AI transformation journey
11:15 AM	<p>LIVE AND UNFILTERED: SPEAKER Q&A SESSION</p> <p><i>Get face-to-face (virtually) with the previous speakers in an exclusive, live-only Q&A. This is your chance to ask the real questions—the ones you’ve been dying to ask but never see on a slide.</i></p> <p><i>No slides. No recordings. No judgment. Just candid conversation, behind-the-scenes insights, and the space to dig into what really matters.</i></p>
11:30 AM	<p>PANEL DISCUSSION: THE COST OF NON-COMPLIANCE – CAN YOU AFFORD TO FALL BEHIND?</p>

	<p>Uncover What's at Stake and Learn How to Secure Leadership Buy-In for Innovation in Clinical Compliance</p> <ul style="list-style-type: none"> - Examine the financial, operational, and reputational risks of maintaining outdated compliance systems - Explore how manual processes and lack of automation contribute to regulatory findings and inspection failures - Understand how AI-powered compliance tools can mitigate risk and reduce costly remediation efforts - Learn how to frame the ROI of compliance innovation to gain executive buy-in and support - Hear firsthand stories of inspection challenges that could have been avoided through technology adoption - Discover proven strategies for building internal momentum and positioning compliance innovation as a business imperative
12:15 PM	<p>ASK ME ANYTHING: EXCLUSIVE LIVE SESSION WITH DONNA DOROZINSKY</p> <p>A No-Holds-Barred Q&A on Clinical Compliance, GCP, and Inspection Readiness</p> <p><i>Participation is limited to trial sponsors only. Bring your toughest questions and get unfiltered insights directly from Donna Dorozinsky, Founder & CEO of Just in Time GCP.</i></p> <ul style="list-style-type: none"> • No topic is off-limits—ask about GCP challenges, inspection pitfalls, vendor oversight, or AI adoption • Get personalized guidance on navigating compliance complexities and staying ahead of regulatory changes • Participate in a candid, interactive conversation where you set the agenda • Live and unrecorded—this session is available only to those who attend in real time
1:00 PM	Conference Concludes
